EXPERIENCE

CONATEL

Port-au-Prince, Haiti

Head of Statistic and Economics Analysis Service

July 2016 – November 2021

- Informed the 11 million stakeholders of the Haitian telecom market (USD 500 Million market) on the trends and data of the telecom and led successfully the 13 staff members of the most-read information letter for the telecom sector in Haiti.
- Wrote the analysis that allowed 1 million households to benefit from the implementation of the first state digital tv in Haiti and led successfully the team of 30 people responsible for the implementation.

MICROVERSE

Remote

Mentor

January 2022 – Present

- Mentoring junior web developers, and providing technical support through code reviews.
- Providing advice and tips on how to maintain motivation.

HIGHLIGHTED PROJECTS

Remote

Full-stack Web Developer

November 2021 - Present

- [Recipe app](#)

Recipe-App keeps track of all user's recipes, recipe ingredient lists, and user food inventory. The user can generate a shopping list based on the inventory. It allows a user to share recipes. It is built with Ruby on rails and styled with tailwind CSS.

- [Leaderboard](#)

The leaderboard is a Javascript single-page application compiled with Webpack, that displays sorted scores and stores participants' scores in a RESTFUL API.

- [Zoo-Animal](#)

Zoo-Animal is a web application that displays animals' information details. It retrieves data from an API and displays all the animals and the data related to each of them.

- [Budget-APP](#)

Budget-App is a mobile web application. It allows a registered user to manage an expense budget by categorizing and tracking each expense. Budget-App is built with Ruby on Rails.

EDUCATION

MICROVERSE

November 2021 – July 2022

Remote Full-stack Web Development Program, Full Time

- Spend 1500+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Ruby on Rails, React, JavaScript, and Redux.
- Develop skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

ÉCOLE DE DROIT ET DES SCIENCES ÉCONOMIQUES DES GONAÏVES

October 2016 - July 2020

Economic Sciences

- Bachelor Degree
